

SATILIFE

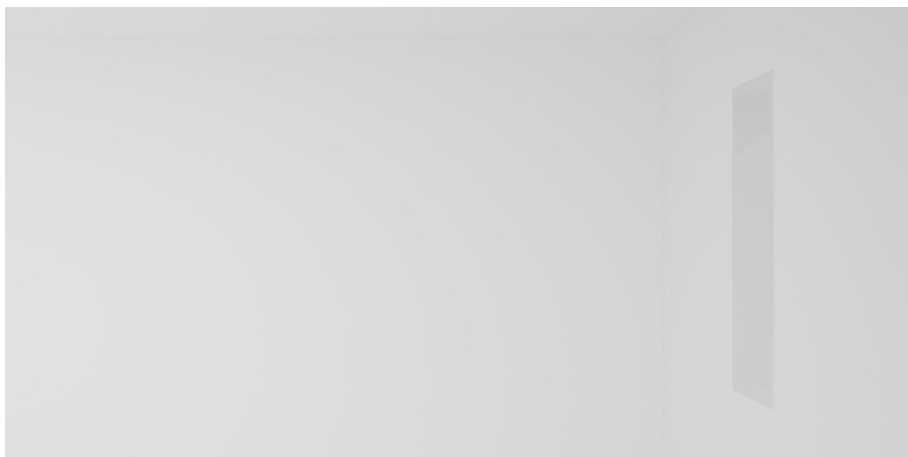

UV Marble Sheet **Shiny Sheet**

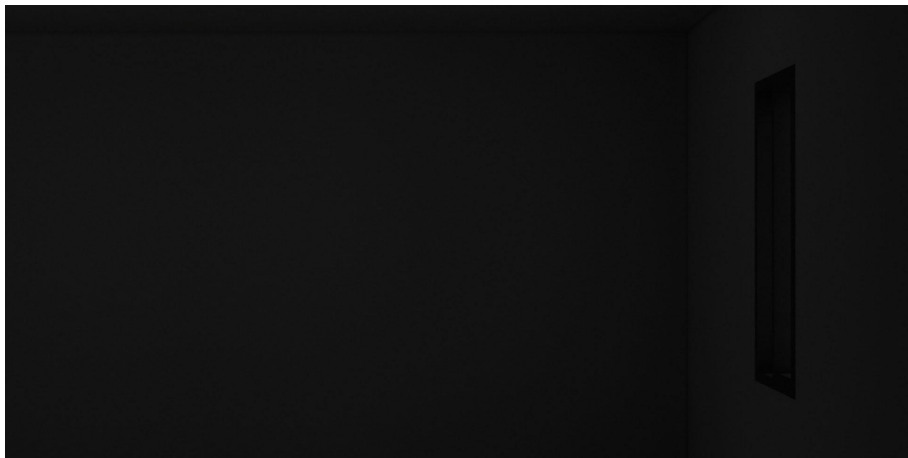

1220x2440x2.5mm

SS1011 Arctic Snow White

A pure snow-white surface with a mirror-like gloss, creating a clean, bright and spacious look for contemporary walls, bathrooms and commercial interiors.

SS1010 Obsidian Black

SATILIFE

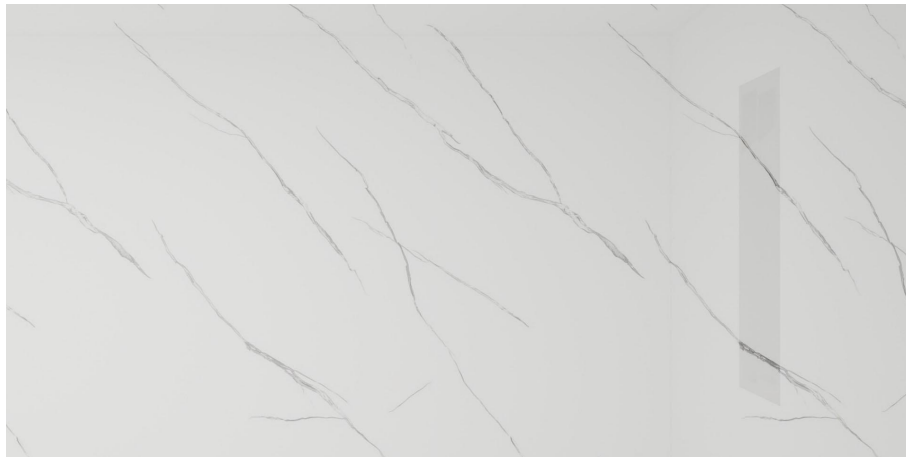

A deep, uniform black with a polished reflective finish, delivering bold contrast and a refined statement for luxury bathrooms, feature walls and modern interiors.

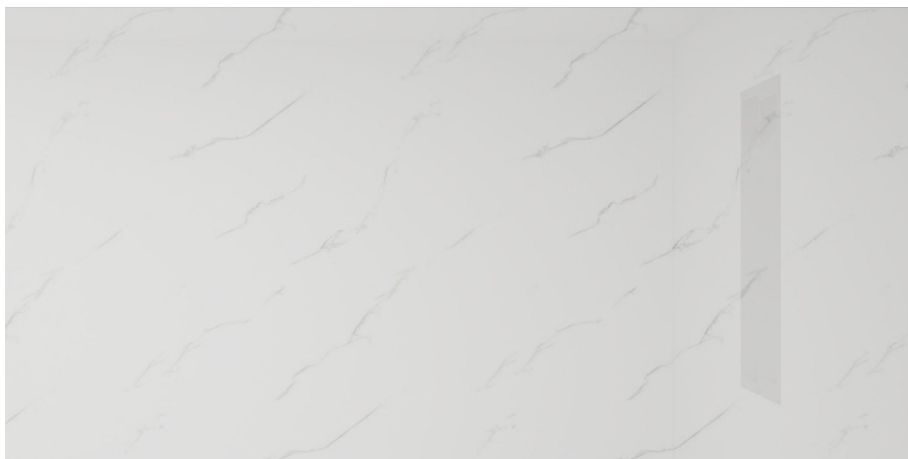

SS1211

Silver Statuario

Long, fine silver-grey veins sweep diagonally over a crisp white base, creating a graceful Statuario-inspired surface with polished clarity and modern sophistication.

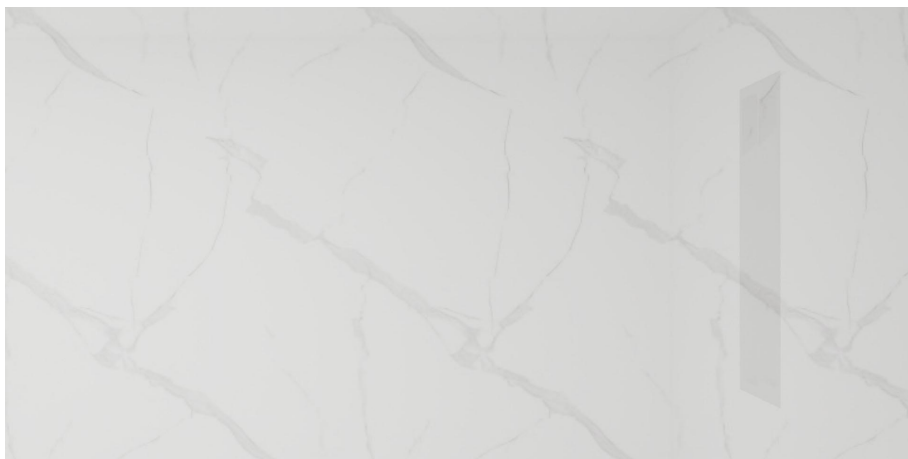

SS1212

Whisper Grey Marble

SATILIFE

Fine, scattered grey veins create a quiet marble pattern on a clean white background, ideal for minimalist spaces requiring subtle detail and reflective brightness.

SS1213

Calacatta Mist

SATILIFE

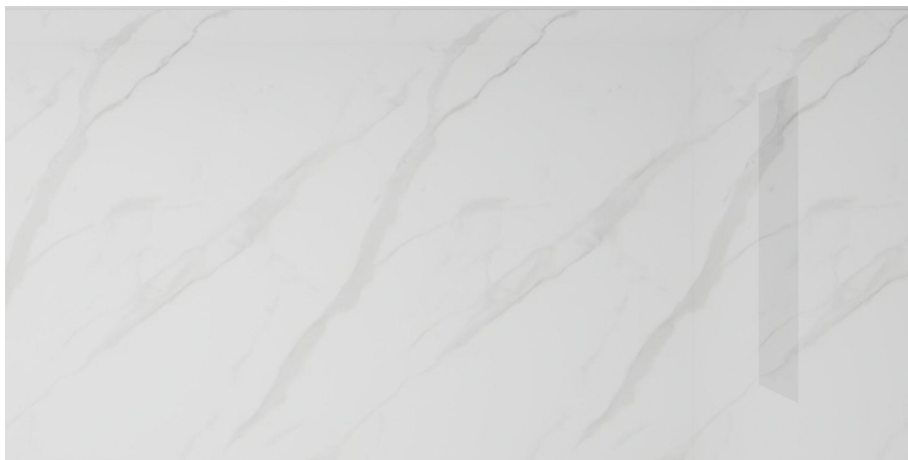

Soft grey veining drifts across a luminous white base, offering the elegant character of Calacatta marble with a calm, versatile and high-gloss finish.

SS1214 Champagne Crystal

Warm champagne and taupe mineral clusters bloom across a creamy white base, creating a distinctive crystal-marble look with rich movement and luminous polish.

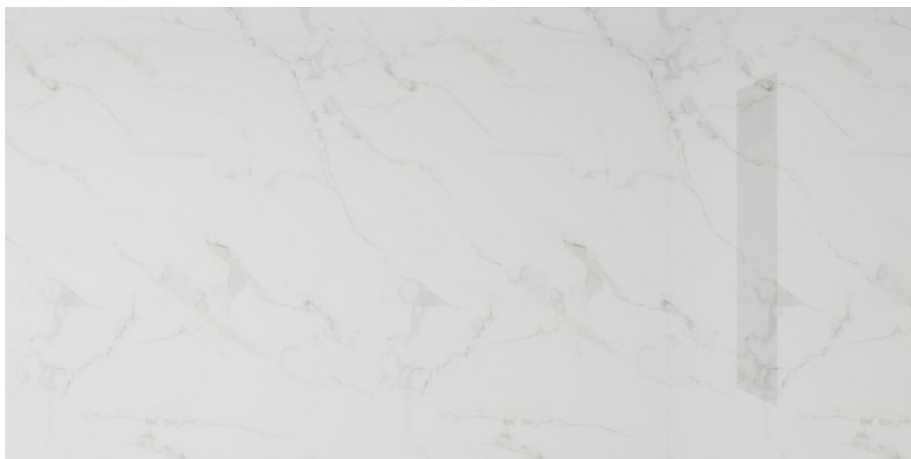

SS1215 **Cloud Vein Carrara**

SATILIFE

Broad, misty grey veins drift gently over a bright white base, producing a soft Carrara-inspired look that feels open, elegant and effortlessly modern.

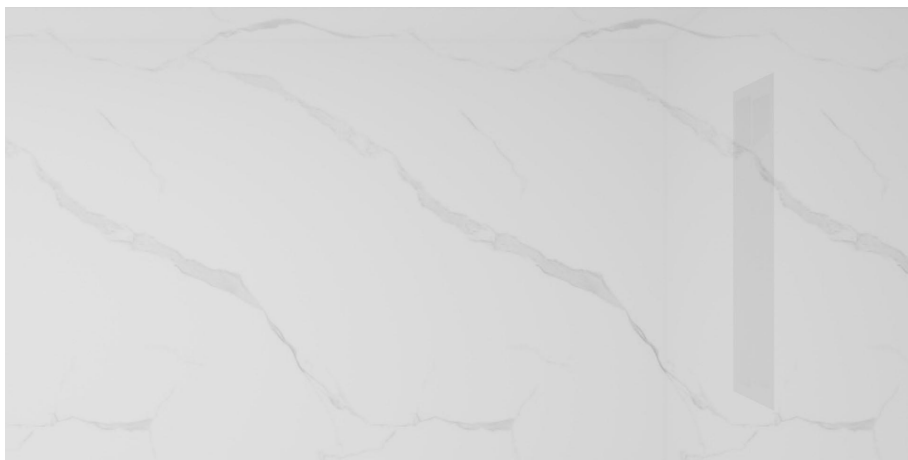

SS1216 **Ivory Gold Carrara**

SATILIFE

Subtle warm-grey and pale gold veining softens the ivory-white base, bringing gentle luxury and natural movement to bright, elegant interior spaces.

SS1217

Alpine Grey Vein

SATILIFE

Delicate grey veins flow sparingly across a cool white ground, giving interiors a light, serene marble look with an understated high-gloss finish.

SS1218

Arabescato Storm

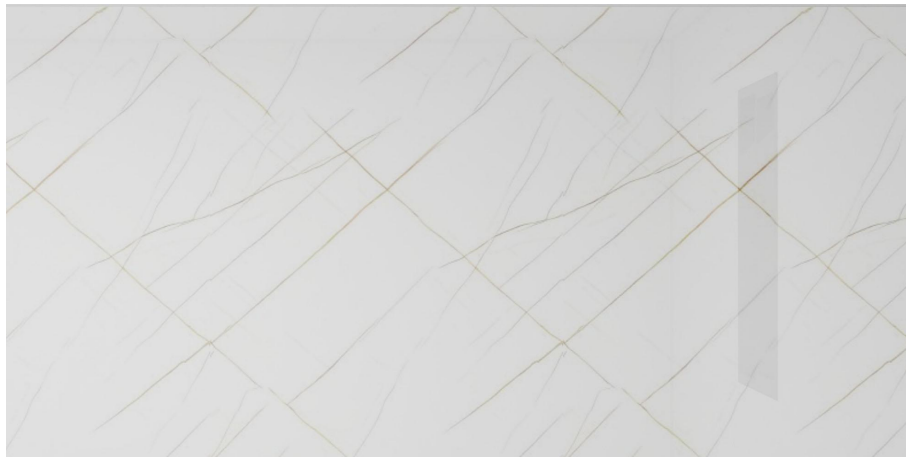

SATILIFE

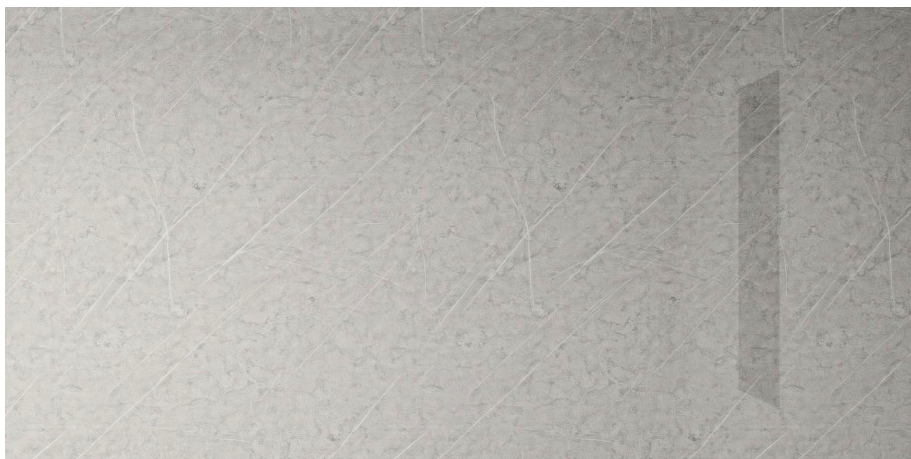

Bold charcoal and smoky-grey mineral clusters animate a white base, delivering dramatic Arabescato character and a luxurious polished focal point.

SF1219 Champagne Crossline

Interlacing champagne-gold and soft grey lines form an elegant geometric marble effect, adding light movement, contemporary energy and a refined glossy finish.

SS1220 **Silver Frost**

SATILIFE

A cool silver-grey base with a finely textured mineral effect, creating a clean, contemporary surface that reflects light with subtle sparkle and depth.

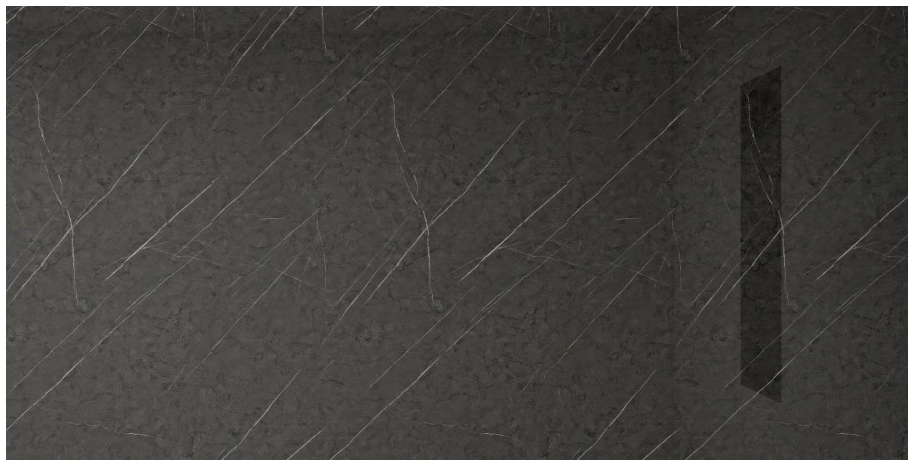

SS1221 **Platinum Silkstone**

SATILIFE

Soft platinum-grey tones and delicate diagonal threads create a refined stone-and-silk effect, balancing understated texture with a sophisticated glossy sheen.

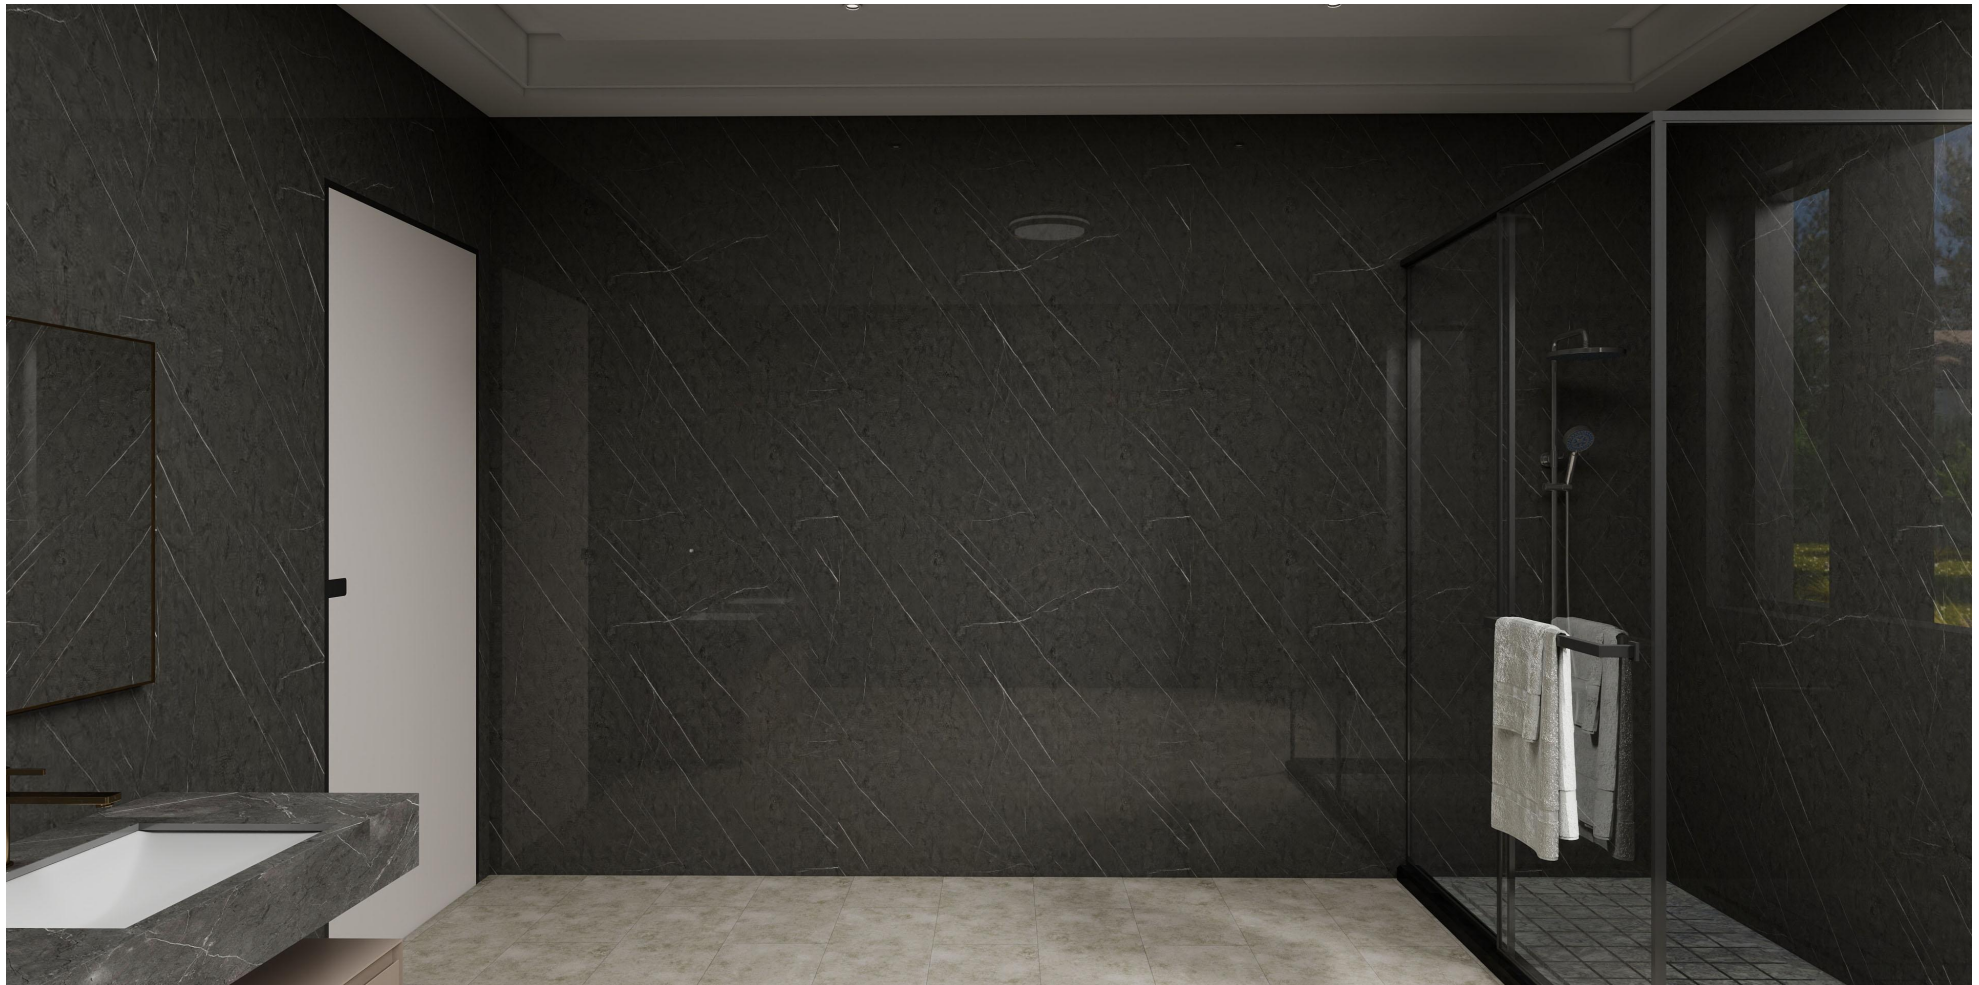

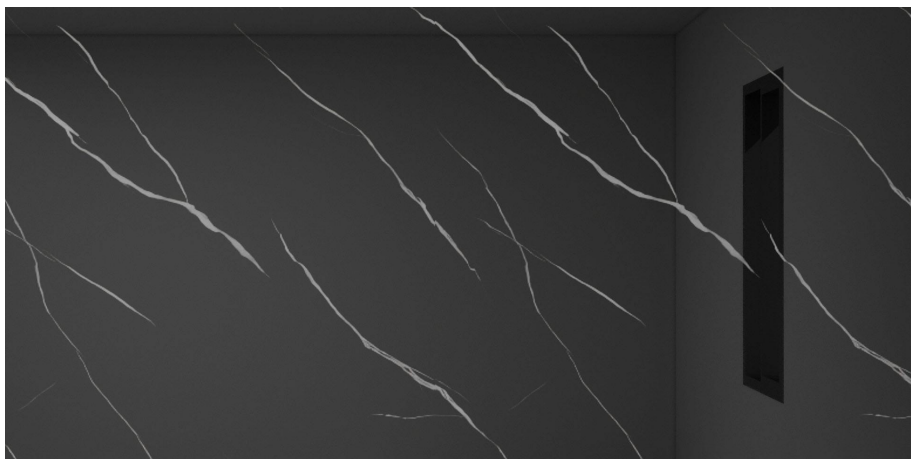

SS1222 **Graphite Rain**

SATILIFE

Fine silver strokes sweep diagonally across a dark graphite base, producing a dynamic rain-like texture with sleek depth and modern architectural character.

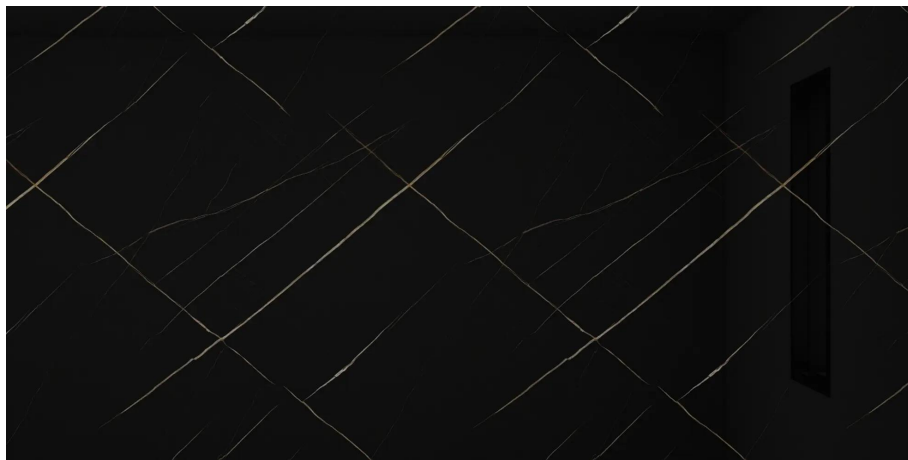

SS1223

SATILIFE

Nero Marquina White Vein

Crisp white veins cut through a deep black ground, capturing the dramatic beauty of Nero Marquina marble with a sleek, luxurious polished finish.

SS1224 **Nero Gold Matrix**

SATILIFE

Fine gold and silver lines cross a rich black base, creating a striking geometric surface with jewel-like depth and a sophisticated mirror gloss.

SF1225

Champagne Linen

A warm champagne-beige surface with fine horizontal texture, offering a soft textile-inspired appearance enhanced by a smooth, luminous high-gloss finish.
